SOFT SKILLS

- Communication
- Problem-solving
- Teamwork
- Adaptability
- Leadership

PROJECTS

PORTFOLIO | https://github.com/aakarshitgupta/Portfolio
- Developed a personal portfolio website using **Node.js**, **Express**, and **EJS** to showcase projects, skills, and experience.
- Implemented a **dynamic, server-rendered** site architecture with **EJS templates** for modular and efficient UI rendering.
- Utilized **Express** for streamlined routing and **Node.js** backend to handle server-side logic and APIs.
- Designed a **responsive** and user-friendly layout to enhance user experience across devices.

E-COMMERCE | https://github.com/aakarshitgupta/e-com-html-css
- Developed an intuitive and **user-friendly** interface to enhance the shopping experience, including clear navigation and organized product categories.
- Created **detailed product pages** with high-quality images, descriptions, and pricing information.
- Utilized CSS animations and transitions to enhance the visual appeal and interactivity of the website.
- Designed a **consistent header and footer** with navigation links, contact information, and social media icons.

JAVASCRIPT PROJECTS
- **Expense Tracker –** A JavaScript-based expense tracker for efficiently managing and visualizing personal finances in real-time.
- **Key Logger -** A real-time JavaScript keylogger project that logs and displays each keystroke to monitor user input dynamically
- **To-do List -** A JavaScript-powered to-do list app for organizing tasks efficiently with user-friendly interface and interactive features.

POSITION OF RESPONSIBILITY

- **Lead technical events -** I assumed a pivotal role in orchestrating multiple campus tech events, demonstrating leadership and organizational prowess.
- **CR community-** I am a proactive member of the college CR community, enthusiastically involved in contributing and fostering collaboration.

CERTIFICATIONS

MERN STACK DEVELOPMENT | by – 30dayscoding.com
- My MERN stack certificate demonstrates proficiency in MongoDB, Express.js, React, and Node.js, with hands-on experience in full-stack web development and RESTful API design.

DATA STRUCTURE AND ALGORITHM | by -30dayscoding.com
- My data structures and algorithms certificate demonstrates proficiency in core data structures, algorithm design, and effective problem-solving.

PARTICIPATED IN HACKATHONS
- Attended 10+ hackathons organized in campus.
